

Primary Memory Verse Practice Sheets

Each memory verse practice sheet is available in right- and left-handed versions. The different line types are: handwriting without tears (narrow and wide), lines, and primary lines (narrow and wide).

These are made to be folded on the dotted line and then folded again as a card so that each side can be worked on without seeing the other sides which might make it too easy.

Or, if you would like to print these front and back to be cut in half and given to more than one child, here is how to do it.

Say, for instance, that you want to print p. 2 front and back.
